

Deltacab Power Cords

Wires, Cables & Cords

Deltacab Power Cords

Deltacab is one of the leading manufacturers of electrical power cords in India. These Power Cords are used for connecting a gadget or an appliance to the mains of the electricity supply. Deltacab Power Cords are made using the latest technology in cable extrusion and injection moulding with pure electrolytic grade copper, specially formulated PVC, solid brass pins. We have a team of trained professionals and an in-house testing laboratory for Power Cords. These power cords are either fixed with an appliance or detachable from it and are available with crimped terminals, connectors options at the open end and also with 55 options of grommets for fitment.

Manufactured using high quality material

Eco-Friendly Product (RoHS, REACH Compliant)

Adhering to QA Standards

Versatile Applications

Flexible and Durable

Customized Solutions

Deltacab offers a wide selection of power cords with Indian and International plug types. New plug types are added every year. Deltacab is into manufacturing of Indian plug, UK, US, European Power Cords.

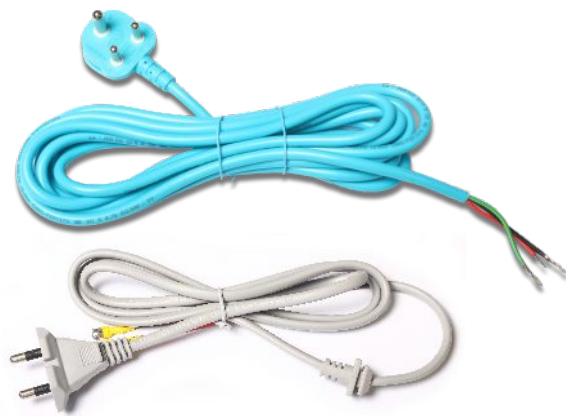

We offer Customization:

Outer Mould Design | Colour (Any) | Integration with Harness | Grommet Fitments | Packaging

Indian Power Cord

At Deltacab, one can find the best quality Indian Power Cords which are made using precision engineering and manufacturing and are tested as per industry standards. They are well suited for electrical appliances which fall under Class I and Class II. We manufacture Indian Plugs which are easy to install, with high durability and reliability and are made for extreme operating conditions. Our Indian Power Cord are RoHS compliant and completely lead-free (LF). We manufacture 2 Pin and 3 Pin Moulded Power Cords that are required in appliances such as Water Coolers, Refrigerators, TV, Oven, Air Conditioners, Computer Peripherals, Medical Equipment's, Healthcare Appliances, Industrial Machinery and Automation Products, etc. Our Power Cords can be integrated with wire harness, customized with lugs, connectors, glands etc. which helps in cost optimization and better performance.

Sr No.	Indian Power Cords	Nominal Conductor Cross Sectional Area (Sqmm)	Rated Current	Rated Voltage	Reference Standard
1	2 Pin Power Cord	0.50 sqmm	6A	250V AC	IS 1293
2	2 Pin Power Cord	0.75 sqmm	6A	250V AC	IS 1293
3	3 Pin 6A Power Cord	0.50 sqmm	6A	250V AC	IS 1293
4	3 Pin 6A Power Cord	0.75 sqmm	6A	250V AC	IS 1293
5	3 Pin 16A Power Cord	0.75 sqmm	16A	250V AC	IS 1293
6	3 Pin 16A Power Cord	1.50 sqmm	16A	250V AC	IS 1293
7	3 Pin Power Cord with IEC C13 Moulded Connector	0.50 sqmm	6A	250V AC	IS 1293
8	3 Pin Power Cord with IEC C13 Moulded Connector	0.75 sqmm	6A	250V AC	IS 1293

UK Power Cord

Deltacab UK Power Cord is designed for reliability, safety and durability and engineered to meet British Standards and compliances to international safety certifications. It is supplied to OEM manufacturers who export their appliances to the UK or directly to OEMs in UK. This particular power cord product has reached to different parts of the globe and has gained a lot of popularity due to its consistent quality. We are able to achieve it because of stringent quality inspections, 100% in-line testing and regular updating of standards and certifications. Our UK Power Cords are known for accurate G dimensions, aesthetic designs, long product life, rugged construction and customization options. The G type UK Power Cord have 3 flat pins and incorporated fuse. All UK Power Cords are RoHS and REACH Compliant.

Sr No.	Product (UK Plug)	Nominal Conductor Cross Sectional Area (Sqmm)	Rated Current	Rated Voltage
1	3 Pin 6A Power Cord	0.50 sqmm	6A	250V AC
2	3 Pin 6A Power Cord	0.75 sqmm	6A	250V AC
3	3 Pin 10A Power Cord	0.75 sqmm	10A	250V AC
4	3 Pin 10A Power Cord	1.00 sqmm	10A	250V AC
5	3 Pin 13A Power Cord	1.00 sqmm	13A	250V AC
6	3 Pin 13A Power Cord	1.50 sqmm	13A	250V AC
7	3 Pin Power Cord with IEC C13 Moulded Connector	0.50 sqmm	6A	250V AC
8	3 Pin Power Cord with IEC C13 Moulded Connector	0.75 sqmm	6A/10A	250V AC

US Power Cord (for USA and Canada)

Deltacab is into manufacturing high quality Power Cords for US and Canada with complete range of 10A/ 13A/ 15A for wide range of home appliances. These cords are RoHS and REACH Compliant. We have 2 Pin and 3 Pin US Power Cords in our product range. Deltacab US Power Cords are known for its compact optimum size outer mould, aesthetic designs, long product life and customization options. The reference standard for US Power Cords is NEMA 5-15 P for Class I and Class II Appliances.

Sr No.	Product (US Plug)	Nominal Conductor Cross Sectional Area (Sqmm)	Rated Current	Rated Voltage
1	2 Pin 5A Power Cord	0.50 / 0.75 sqmm	5A	125V AC
2	3 Pin 10A Power Cord	0.75 sqmm	10A	125V AC
3	3 Pin 13A Power Cord	1.00 sqmm	13A	125V AC
4	3 Pin 15A Power Cord	1.50 sqmm	15A	125V AC

Apart from the above Power Cords, we are also into manufacturing of **European and Japan Power Cords**. Every year we are adding more and more country power cords to our product range and we intend to be one the quality manufacturers of Indian and International Power Cords in near future. Currently, our manufacturing facility has a monthly production capacity of 4 to 5 Lakhs Power Cords. We intend to increase it by 35 % in the next 2 years. With a commitment to quality, safety and innovation, Deltacab offers Power Cord Solutions that meet the highest industry standard and provide seamless integration with a wide range of appliances and devices.

We are committed to safety and reliability. When it comes to electrical safety, and quality assurance in power cords, quality assurance is of utmost importance. We prioritize stringent quality control measures at every production process that meet industry standards and provide reliability in any application.

Our Quality Assurance Process encompasses the follows:

1. **Income Raw Material Testing**
2. **Comprehensive inspection and testing of Power Cords in all aspects such as electrical, mechanical, temperature performance**
3. **Compliance Standards such as BIS, CE, BS 1363**
4. **Continuous Improvement**

Head Office:

330 / 331,
Blue Rose Industrial Estate,
Near Metro Mall,
Western Express Highway,
Borivali (East), Mumbai - 400066

Plant Address:

Unit No.1, Sanghavi Industrial Estate,
Plot No. 8, Survey No. 29, Navghar,
Vasai East, Palghar - 401210,
Maharashtra. India.
